## **Juggling!**

Perhaps we have enjoyed watching jugglers masterfully juggling anything from bowling pins to sharp knives to running chainsaws; entertainment with a mixture of danger and intrigue. However, what about the "juggler" with the cell phone and cigarette in one hand and a coffee cup or juice bottle in the other while trying to steer a vehicle down the highway? How can they quickly respond when obstacles are encountered on the way or safely navigate their course amidst the other traffic? Why don't such drivers recognize the danger we see when witnessing such a spectacle?

Though the dangers of driving while multitasking with other stuff is not to be minimized, there is a danger of eternal consequence when this is the picture of life. How many are juggling so much of the world while wondering why it is difficult to keep life on a good course? On one hand there are the fires burning of so many activities and appointments as well as continual conversations about everything in the world except spiritual things, and on the other hand quenching the thirst from the "quick-stops" along the way. Then it is wondered why there is a missed turn here and a lost opportunity there and how one got to where they are now! Is there the need to pull over and re-evaluate the LIFE PRIORITIES?

Jesus warned. . .

"(24) NO ONE CAN SERVE TWO MASTERS, for either he will hate the one and love the other, or he will be devoted to the one and despise the other. YOU CANNOT SERVE GOD AND MONEY." ( [Matthew 6:24](#) ESV)

What really has MASTERY over our life? Do we find ourselves frantically juggling too much stuff, and if so, what are we dropping and what is being saved? What are our PRIORITIES being based on: God or the stuff of the world? Let us take inventory of our schedules and see if there are changes needed to keep life on the course God would have us follow. Allowing Him and His Will to have MASTERY over every aspect of our life will eliminate much stress and ultimately get us to where God wants us. We could best start by simply moving over and allowing Him to take the wheel! Ready to travel?
